Re: Stoefflers Painting and Home Repair Services

Rohn Stoeffler was engaged to paint the exterior of our house, and to stain the driveway in November. He completed the project in a professional manner, being timely and thorough, leaving behind a quality finish.

His followup was excellent. Approximately a month later, he called to inquire if there were any issues that had arisen that he needed to take care of.

I would highly recommend Rohn to anyone contemplating painting or repairs to their premises.

Yours truly,
